

SPRING IS HERE AND SNAP2CLOSE SPRINGS FORWARD

To provide you with more services, we will be launching our new portal software on May 3rd.

The new portal is designed to streamline your workflow and features a Marketing Kit, a simplified scheduling system, amazing new customer support, and the option to pay for your photoshoot at closing. Plus, we have substantially increased the quality of our A.I. Virtual Twilight images.

Introducing NEW Features

(1) The MARKETING KIT

They say a video is worth a thousand words—we invite you to watch this video to explore the many features of the Marketing Kit:

The Marketing Kit includes 28 Video Reels Templates, 36 Social Media Graphics, 26 Dynamic Slideshow Videos, 14 Property Website Templates, 17 Flyer Templates, as well as 4 page and 8 page booklets.

The Marketing Kit is included with the Silver, Gold, Platinum, and Titanium Packages, and is available as a \$39.95 upgrade for the Bronze Package.

As a special offer, you will receive FREE access to the Marketing Kit for all listings with photoshoots captured over the last 12 months. We have transferred these captured listings to the new portal. To activate them, simply click the "Activate Site" button at the top of the listing.

(2) Simplified Scheduling

Our new dynamic, database-designed system will significantly simplify your scheduling. It eliminates unnecessary product options that don't relate to your order, making the process faster.

Example: The 3D Floor Plan is only available as an upgrade option if you order the Bronze or Silver Package. If you order a Gold, Platinum, or Titanium package, you won't even see the 3D Tour as an add-on

On May 3rd, we encourage you to try out the shopping cart to discover dozens of these simplified enhancements.

Snap2Close has partnered with **TITUS** to offer you the option to pay for your photoshoot at closing. Learn more by clicking [HERE](#).

- This service is fast and does not involve conventional credit checks.
- TITUS gets paid back at the close-of-escrow.

(5) Enhanced Quality of A.I. Virtual Twilights

While our cost has substantially increased for this new A.I. service, the quality of the final image comes very close to the more expensive Premium Virtual Twilight conversions.

Next month's newsletter will focus on our Social Media Services (*new*), Virtual Staging and it's many enhancements!
